SUMMARY

Passionate and detail-oriented Game Programmer seeking an exciting and challenging position as an engineer. I have 2 years of experience on AAA titles and additional experience on personal and freelance projects. My programming and design experience is backed by my strong interpersonal skills and my proficiency for working in fast-paced, deadline-oriented environments.

PROFESSIONAL EXPERIENCE

Programmer II

Wicked Witch

📅 05/2021 - Present 📍 Melbourne, VIC

Started as a Programmer I in May 2021 where I was brought on as a Tool Developer for Age of Empires II: Definitive Edition.

- Developed 10+ tools covering a variety of areas
- Maintained and owned a large, existing code base
- Maintained and developed systems for multiple titles across several platforms
- Profiling and optimisation of AAA titles
- Ensure tasks are completed according to milestone and sprint iteration paths
- Work closely with international teams both internally and externally

Freelance Game Developer

Kiwiforge

📅 11/2020 - 07/2021 📍 Melbourne, VIC

Freelance work for a solo developer.

- Sole developer on a Nintendo Switch port of a commercial title
- Implemented Steam Workshop Support for an existing Steam title
- Developed a level editor in conjunction with Steam Workshop support
